Down to Business from SBDC by Arlene Soto

How do I verify an advertised business opportunity is legitimate?

Many business opportunities are advertised especially during hard economic times and sometimes these are scams rather than legitimate businesses. Often these so called opportunities target people who have lost jobs or had a cut in pay, those who can least afford to lose out to a scam artist. Beware of those that promise large returns for little effort or that seem "too good to be true". Do thorough research into the company offering the opportunity. How long has the company been in existence? Who are the owners? What have the results been for others who have invested in the business opportunity? How will you earn money from the business opportunity? Check with the attorney general's office in Oregon at <http://www.doj.state.or.us/index.shtml> or call (503) 378-4400 to find out if any complaints have been registered against the company or owners. Also, check in the state the company is registered in to see if any complaints have been filed against them there. One more place to check is the Federal Trade Commission (FTC) website for fraud alerts at www.ftc.gov. Always talk to several current operators of the business opportunity to find out the potential risks and rewards. If you feel pressured to purchase right now or lose out, walk away, it is probably a scam.

The Federal Trade Commission publishes several documents on business opportunities that might be helpful to review. These are available on the FTC website. Information is available about investigations and lawsuits that have been filed. It is often helpful to hire an attorney to help review documentation provided by the company offering the business opportunity. Spending a few hundred dollars to hire a legal expert may save you thousands in an investment that will never pay off. Always look at the potential cash flow that can be generated by the business opportunity. Is it enough to cover all startup costs, operating costs and a reasonable salary for the time you will invest? Verify current owners of the business opportunity are actually creating the cash flow promised by the promoter.

Franchisors and business opportunities generally must file disclosure documents in a state to operate there. Verify that the proper registrations have been filed and review those filings thoroughly.

If you feel you have been the victim of a business opportunity scam, contact the Oregon Attorney General's office at the number listed previously, the Better Business Bureau and the Federal Trade Commission to report a complaint.

The SBDC is a partnership of the U.S. Small Business Administration, the Oregon Small Business Development Center Network, the Oregon Business Development Department and Southwestern Oregon Community College. Arlene M. Soto has been the Director of the Southwestern Small Business Development Center since July 2007. To ask a question call 541-756-6445, e-mail asoto@socc.edu, or write 2455 Maple Leaf, North Bend, OR 97459. Additional help is available at the OSBDCN Web page www.bizcenter.org.

BACC LAT Committee

The Oregon Legislature's 2016 "Short" session begins on February 1st and runs a maximum of 35 days.

The 2016 Oregon State Chamber of Commerce (OSCC) Legislative Priorities represents the legislative priorities of Oregon's local business communities as represented by the 70 local Chambers of Commerce of the Oregon State Chamber of Commerce. The OSCC is organized to give a voice to the local business communities throughout Oregon in support of policies that enable business growth, job growth and income growth in each of our local communities.

"The LAT and the Executive Committee have recommended to the BACC board to adopt these priorities at its February 3rd

Board meeting to guide our efforts during this session. "

The Members of the OSCC are **united in support of:**

HB 4012 appropriates lottery bond dollars for water storage infrastructure.

HB 4055 addresses Oregon's transportation infrastructure needs.

HB 4077 reforms liability for ski areas.

HB 4078 creates a new Transit Expansion Fund to fund growing local transit needs.

HB 4084 allows for local tax incentive programs for brownfield cleanup.

SB 1565 allows local government to grant tax exemptions for up to \$1mm in new industrial equipment.

SB 1581 makes paid sick leave compliance more reasonable for local business

The Members of the OSCC are **united in opposition to:**

SB 1532 / SB 1592 / HB 4054 increases the state's minimum wage to a level that small business can't afford.

SB 1532 / SB 1592 / HB 4054 allows local government to pass higher minimum wage rates.

SB 1574 / HB 4068 imposes a new 'Cap and Trade' tax system for utilities and local manufacturers.

SB 1587 imposes new pay records requirements, private right of action, and new BOLI powers.

HB 4136 increases insurance costs for critical health care providers.

Additionally there will be a lot of discussion and work on the issue of a new minimum wage.

LAT will keep you posted in regards to these matters. You can attend our meetings, 3rd Tuesday of each month, 7am at Campbell Global offices. Tom can be reached at tom@bntpromo.com or 541-404-1028.

Build a Bird House!

Build Your Very Own Wren or Bluebird Birdhouse at the South Slough Reserve!

Reservations required for all programs

Call (541)-888-5558 ext. 121

All programs begin at the South Slough Reserve Interpretive Center located four miles south of Charleston at 61907 Seven Devils Road.

Spring is just around the corner and our feathery friends will soon be returning! This is the perfect time to join us at the South Slough Preserve to build your own birdhouse. This February there are three different opportunities for you to build a birdhouse:

Saturday, February 6th from 1 – 3 pm WRENS

Children, parents and grandparents can come learn about wren ecology then build a birdhouse to encourage them to live in their backyard. Cost is \$12/birdhouse. All supplies are provided, however if you have an extra hammer, please bring it. Call: 541.888.5558 ext. 121 to sign up.

**Saturday, February 27th from 10am – 12 noon OR
2 pm – 4 pm WESTERN BLUEBIRDS**

This is the perfect time to build your very own western bluebird house. Begin the program with a short presentation about bluebird ecology and how to attract them to your yard. Space is limited, please call 541.888.5558 ext. 121 to reserve your place in this program. (\$10/birdhouse, includes all supplies but bring a hammer if you have one.)

Local non-profits encouraged to apply for BAH Community Foundation grants by March 1, 2016

COOS BAY – Bay Area Hospital is committed to the mission of "Improving the Health of Our Community Every Day." To further that effort, BAH Community Foundation grants are awarded annually to local non-profit organizations that share that desire to improve the overall health and well-being of our community.

We know that we are making a difference, because we can see the difference that is being made by those organizations who have been awarded grant funds in the past.

Those organizations include 2015 recipients like the Bay Area Rotary Club, for its Shots for Tots program, Coos County Friends of Public Health, and the Waterfall Clinic.

Do you belong to, or know of, an organization that is committed to improving our community's health and strives for regional health care excellence? If so, download an application from our website and return the completed application materials before our March 1 deadline. (Note: only one application per organization will be accepted.)

Again, these funds are not distributed solely to healthcare organizations. Any non-profit organization can be awarded a grant, as long as the funds go to contribute to the health and overall well-being of our community.

For more information, contact Barbara Bauder at 541-269-8543 or by email at Barbara.bauder@bayareahospital.org.
