Chamber Business Partner Spotlight

Coos Bay Rail Link (CBR)

Coos Bay Rail Link is our local rail line working hard to help the Bay Area Community.

- ◆ More efficient and cost-saving transportation option for local shippers in various industries à increased competitiveness for shippers because they can get their product to market faster
- ◆ Reduces the amount of emissions released into the air and is more environmentally friendly than using trucks, helps make your business more sustainable – saves road maintenance cost
- ◆ Provides multimodal transportation connections for local businesses to the state and to the nation
- ◆ Brings opportunity to the Southwest Oregon region as the Coos Bay rail line is seen as an asset to potential business developers who need multi-modal transportation systems
- ◆ Generates taxes and revenue for the tri-county area
- ◆ Induced impacts resulting from employees of CBR and the construction contractors for rail projects who spend their income here and at local businesses

Even helps tourism and bringing people from all over the state and nation through events like the Railroad Centennial coming up this August 5-7th! This year, we are very excited for the 2016 Railroad Centennial celebrating 100 years of the Coos Bay rail line. Featuring North Bend, Coos Bay, and Coos County, we are working with the Port to make this a celebration people won't forget. Train rides, live entertainment, food and drink will all be available! Make sure to download the Railroad Centennial app in July which can be accessed through the Port of Coos Bay website to stay up to date on the event schedule, buy train tickets, look at speaker profiles, and more. CBR will be operating the daily train rides for the event!

A partnership with the Chamber is very important to us because it provides a network of local businesses where we can all learn from each other, grow our businesses together, and work with each other in furthering the economy of the Southwest Oregon region. The Chamber of Commerce and CBR also share similar visions in terms of providing an avenue to support local businesses and help this area grow.

Lyrics by Bottom Towner Overdrive

You get up every morning.....Promote your business
From your alarm clock's warning Support your Chamber
Take the 3-13 into the city.....North Bend Lanes
There's a whistle up above.....Build a staking team
And people yuckin', people shovin'.....PRIZES
And the girls who try to look pretty.....Dress it up!
And if your train's on time.....The Fun starts at 6PM
You can get to work by nine.....Ends by 9PM
And start your slaving to get your pay.....No skill needed
People see you having fun.....Eat, drink, and strike out!

If you get in with the right bunch of fellows
Chances are you'll go far

What's Going on With our LAT Committee!?!

LAT News

6/28/16

Hello Fellow Chamber Members and Community,

Our LAT meeting that was held on June 21, 2016 went quite well. We had a guest, Dick Anderson, who is running for a Senate seat. He took time to listen to our agenda and then became comfortably engaged with discussion. Our agenda included discussions regarding IP28, fuel taxation, Tourism and more.

We have relocated our meeting place to America's Mattress in Coos Bay. We gather upstairs in one of the conference rooms with a beautiful view of the upper Bay.

I invite you to join us on the 3rd Tuesday of each month to stay involved. 7am – enter through the front door off the South bound lane of Hwy 101.

There is much to read, review and digest as we approach this year's legislative session. As a matter of fact, we are headed to Salem to begin the process as we did last year.

Keep up on concerns and please let me know if I can be of assistance with any issues related to our Chamber and Area.

Sincerely,

Tom
